

Euro Tubs made to DIN 9797 standards

Stainless steel grade 1.4301 (AISI 304). All euro tubs / euro bins are fully welded from 2mm stainless steel plate with the addition of a 3mm base plate.

Rims are continuously welded around a solid stainless steel bar inlaid to add **strength and rigidity**.

The finish surface is electro-polished which gives **easier emptying, cleaning** and **less adherence of water** after washing.
